ASK - What is your current tobacco use?

Patient is willing to talk about tobacco use
• Proceed through Following Steps

Patient is not willing to talk about tobacco use
• Provide Motivational Interviewing to Proceed to Advise and Assess

ADVISE

Pharmacist: "As I'm sure you've heard a million times, tobacco can be harmful to your health. Can I share some resources with you?"

ASSESS

Pharmacist: "What are your thoughts about quitting?"

Patient Response:
• Precontemplation: "NO WAY! Not doing it."
• Contemplation: "I've considered it."
• Preparation: "I have been thinking about that for awhile."
• Ready: "I think I am ready to quit."
• Maintenance: "I quit a few years ago."

ASSIST

Proceed to resources depending on patient's response.

ARRANGE

Schedule follow up appointment or call with patient.
