

## The Wisconsin Pharmacy Legacy

*Legacies are the past, present,  
and future all at one time.*

Each day of our lives we make a personal contribution to our families, friends, profession, and society. For all of us it is important to recognize that what we have received from the past is the basis of today's successes. Too often the legacy of others, given to us, is easily taken for granted. A true legacy is not something to spend on ourselves, but for us to contribute to its enhancement and growth. Legacies are the past, present, and future all at one time.

The Wisconsin Pharmacy Foundation (WPF) exists to extend the welfare and integrity of the profession of pharmacy into the legends of time. WPF provides a means to memorialize and extend your personal commitment to pharmacy, and as a foundation, we are consistently searching for ways to have a lasting impact on the pharmacy profession.

For this reason, the Foundation Legacy Endowment Group (LEG) has been established. LEG is comprised of individuals who wish to provide an affordable gift of life insurance to the Foundation. Your commitment of life insurance will provide a substantial deferred gift with modest annual contributions for twelve years. The annual premium may be tax deductible as it is paid to WPF, an IRS approved charitable organization.

This brochure outlines the purpose, goals and activities of the Wisconsin Pharmacy Foundation. LEG will help assure WPF the long-term reality of enriching and building the heritage of Wisconsin pharmacy. Each of these insurance policies will go to support the many goals and activities, now, and into the far future. LEG seems an appropriate acronym because our legs support our individual activities, just as the LEG will support Wisconsin pharmacy long after we are gone.

## Establishing Your Legacy with The Wisconsin Pharmacy Foundation

The Wisconsin Pharmacy Foundation is a non-profit organization with charitable and educational purposes. Proceeds from the Foundation are used to support professional development activities of student pharmacists and the advancement of pharmacy practice in Wisconsin.
