

Dear Fellow Pharmacist:

Each day of our pharmacy practice is a personal contribution to our profession. Sometimes, at the end of a particular day, we may have a question about how positive the day has been but as our careers advance over a longer period of time, we see the value of our work. Our profession is one of science and service and it is your personal commitment to both aspects that causes it to be so highly respected.

The Wisconsin Pharmacy Foundation (WPF) exists to extend the welfare and integrity of the profession of pharmacy. It does this by supporting PSW's educational and outreach activities.

As a foundation we are consistently looking for ways to have a lasting impact on our profession. For this reason, we are establishing the Foundation Legacy Endowment Group (LEG) with the support of Pharmacists Mutual Companies. LEG is for individuals who are willing to provide an affordable gift of life insurance to WPF. Each policy will provide support for the goals and activities of Wisconsin pharmacy.

Your gift of life insurance will provide a substantial deferred contribution with modest annual payments for 12 years. The annual premium may be tax deductible as it is paid to WPF, an IRS approved charitable organization. Although the funds won't be available to WPF in the near term, the life insurance payments will assist our profession's next generation of pharmacists and the success of the Foundation over time.

Please give this opportunity for establishing your legacy to Wisconsin pharmacy consideration. A Pharmacists Mutual representative will contact you to fully explain how to establish a policy.

Cordially,

A handwritten signature in black ink that reads "John K. Johnson". The signature is fluid and cursive.

John Johnson
PSW President
