

MTM Toolkit Now Available!

More and more pharmacies are becoming involved in the provision of Medication Therapy Management Services (MTMS). To help improve your efficiency in providing MTMS, expand your pharmacy's service offerings, or to implement MTMS, [insert state association name here] has a unique resource offering for you!

Developed *by* community pharmacists *for* community pharmacists, the **MTM Toolkit** (link to: <http://www.pswi.org/membership/MTM%20Toolkit%20TOC.pdf>) is an electronic compilation of more than 30 modifiable documents and resources, including:

- ✓ MTMS intervention tools
- ✓ Comprehensive medication review (CMR) tools
- ✓ Patient medication lists
- ✓ Medication reconciliation tools for community pharmacists
- ✓ Pediatric resources
- ✓ Geriatric resources
- ✓ And much more!

Independent, chain and health-system pharmacies across the country have used the **MTM Toolkit CD** and have found that modifying the Toolkit documents with their own information and logos can save them time and money!
