TIPS TO GET AN ACCURATE BLOOD PRESSURE READING

Tips to Get an Accurate Blood Pressure Reading

Preparation steps

Avoid caffeine, smoking, alcohol, exercise, eating a large meal, or using decongestants 30 minutes prior to measurement.

- Feet should be flat on the floor, use a stool if needed
- Back supported
- Sit comfortably and relax for five minutes
- Empty bladder beforehand

When Measuring

- Lower edge of the cuff is one inch above elbow
- Tight enough to fit two fingers under the cuff
- Tubing runs down the arm

Steps

- Press the button
- Write down the measurement
- Wait one minute and repeat

Don't Talk During Measurement

Don't watch tv, text, or have other distractions during the measurement

Back Supported

Cuff Goes on Bare Arm

Place arm slightly bent on table, palm up, upper arm close to heart level

Important

Feet supported
Legs uncrossed

SIMPLE TIPS TO GET AN ACCURATE BLOOD PRESSURE READING

TARGET:BP™

7 SIMPLE TIPS TO GET AN ACCURATE BLOOD PRESSURE READING

The common positioning errors can result in inaccurate blood pressure measurement. Figures shown are estimates of how improper positioning can potentially impact blood pressure readings.

BLOOD PRESSURE MONITOR REQUEST TEMPLATE

Patient Name: _____ DOB: _____

Phone #: _____ Dr. _____

Your patient is eligible to receive an automated blood pressure monitor through their insurance for at-home monitoring. Please review the following order, sign if in agreement, and fax to **XXX-XXX-XXXX**.

We will review how to use the monitor, proper positioning, and blood pressure goals as documented below.

Please contact us with questions.

Sincerely,

Pharmacist Name
Pharmacy

Patient: _____ Date: _____

DOB: _____

Rx: Automated Blood Pressure Monitor

Directions: Use as directed at least once daily for at home blood pressure monitoring.

Qty: 1

DX/ICD-10:

BP Goal:

Refills: PRN

NPI/DEA#: _____

MD Signature: _____

WISCONSIN FORWARDHEALTH FEE FOR SERVICE

- A patient presents with a prescription for an Automatic Blood Pressure Monitor (or pharmacy staff flags patient as eligible patient for blood pressure monitoring at home and obtains a prescription from the patient's prescriber).
- The prescription needs to contain the prescriber's name, NPI, and Diagnosis (Dx) code. Directions should contain daily monitoring of blood pressure as medically necessary.
- Log into the Forward Health Portal.
 - Submit Professional Claim
 - » Enter Member ID # and hit tab
 - » Enter Total Charge (the pharmacy Usual & Customary amount)
 - » Click Diagnosis
 - » Enter Dx code (without decimal point) in box 1
 - » From/To DOS is the date the patient received the monitor
 - » Procedure code: A4670
 - » Dx code pointer: 1
 - » Units: 1
 - » Charge: must be same Usual & Customary amount entered above
 - » Place of Service: 01 (pharmacy)
 - » Rendering Provider: prescriber NPI number, click search and select prescriber
 - » Submit
- The [ForwardHealth Online Handbook For Blood Pressure Monitor topic \(#1842\)](#) contains more information on coverage of blood pressure cuffs and monitors.
- The [Durable Medical Equipment Index](#) (see Home Health) identifies all allowable HCPCS codes and Medicaid Fee-for-Service reimbursement including automatic blood pressure monitors.

- Blood pressure cuffs and automatic blood pressure monitors are covered through Wisconsin Medicaid Fee-for-Service without prior authorization. The product must be medically necessary. There is no diagnosis restriction for reimbursement.
- Pharmacies do not need to be Medicaid enrolled as a DME vendor to submit these claims.
- It is important to ensure Medicaid eligibility:
 - » Check patient eligibility on the ForwardHealth portal and/or:
 - » Run a Medicaid test claim in your dispensing software system
- All providers have up to one year to bill; therefore:
 - » Ask the patient if they have an automatic blood pressure monitor covered by Medicaid from another provider.
 - » Consider calling the DAPO center to ensure that the patient hasn't received an automatic blood pressure monitor from another entity recently. This helps to ensure your payment without a PA.
- Medicaid managed care organizations (MCOs) must cover the same procedure codes as Fee-for-Service. Prior authorization and reimbursement processes may be different. If a provider is working with a specific Wisconsin Medicaid MCO, they should contact the specific Medicaid MCO for further information.
- Note: WI SeniorCare members are not eligible for this benefit.
- The pharmacy is required to have a prescription on file for the blood pressure monitor. A fax template to customize is included in this guide, or consider developing a collaborative practice agreement with specific physicians.
- Pharmacies can also bill through Part B vendors as done for other DME supplies:
 - BIN#: 004766
 - PCN: WIDME
 - ID: patient Medicaid ID
- Cost sharing for DME is as listed in this table from the DME Index:

Cost Sharing	Copayments amounts are NOT listed in the DME Index tables. ForwardHealth requires certified providers to collect copayments for equipment and services when applicable. ForwardHealth establishes the following co-payment amounts for BadgerCare Plus and Wisconsin Medicaid members. Some members may be exempt from copayments.	
	<u>Item Max Fee</u>	<u>Copayment</u>
	\$0.00 - \$10.00	\$0.50
	\$10.01 - \$25.00	\$1.00
	\$25.01 - \$50.00	\$2.00
	\$50.01 and up	\$3.00
<p>► Rental equipment is not subject to copayment, but rental payments do count towards the max fee of the item, and copayment is required if the equipment is later purchased.</p>
