

Common ICD-10 Diagnosis Codes

When billing for MTM services, please enter the most specific diagnosis code pertaining to the intervention you performed for your patient.

Please note the following:

1. Do NOT add extra zeros at the end of the code. Enter the exact number of digits listed.
2. Do NOT enter a decimal point (it is implied on a professional claim).
3. For a more comprehensive list of codes, click here: <https://www.cms.gov/medicare-coverage-database/staticpages/icd-10-code-lookup.aspx>
